Example farm plan

Your proposed setup, ready for an initial planning enquiry.

Prepared October 24, 2026 | Reference: DOD-20261024-SAMPLE

Crystal Creek retains this same dated pack so you can discuss the same proposal.

Farm address: Example location, Oregon

Property / parcel ID: EXAMPLE-PARCEL

Layout anchor: 44.550791, -123.217213 | Starting-layout rotation: 0.0 degrees

3 containers / 2 cow positions

Assembly envelope: 21.2 ft / 6.47 m x 37.0 ft / 11.28 m

With 6.6 ft / 2.00 m access allowance: 34.4 ft / 10.47 m x 50.1 ft / 15.28 m

Cow bridges: Included. Creamery and full shop can be positioned independently.

What this plan includes

Your unit list and dimensions, the location of every container, and three satellite views. Map numbers match the unit list on the following pages.

Map views progress from your setup close up to a wider site view and the surrounding property. They are not a property boundary survey.

Your notes

Example only. One dairy, a separate creamery and a standalone farm shop. Discuss access, utilities and the position of each unit with Crystal Creek. This example is not an approved installation.

Using this pack

Use this pack to ask your local planning department which approvals and supporting documents your proposed setup needs. It is an initial enquiry document, not a permit application, boundary survey or engineered installation drawing. Confirm site dimensions, ground works, drainage, utilities, delivery access and clearances with Crystal Creek.

Your units and their positions

1. Dairy

Milk collection equipment and two cow positions.

Body: 19.9 ft / 6.06 m x 8.0 ft / 2.44 m | 2 cow positions

Centre GPS: 44.550826, -123.217216 | Rotation: 0.0 degrees clockwise from starting orientation

2. Creamery

Dedicated creamery workspace. Placed independently on this site plan.

Body: 19.9 ft / 6.06 m x 8.0 ft / 2.44 m | 0 cow positions

Centre GPS: 44.550780, -123.217216 | Rotation: 0.0 degrees clockwise from starting orientation

3. Standalone farm shop · Serving window

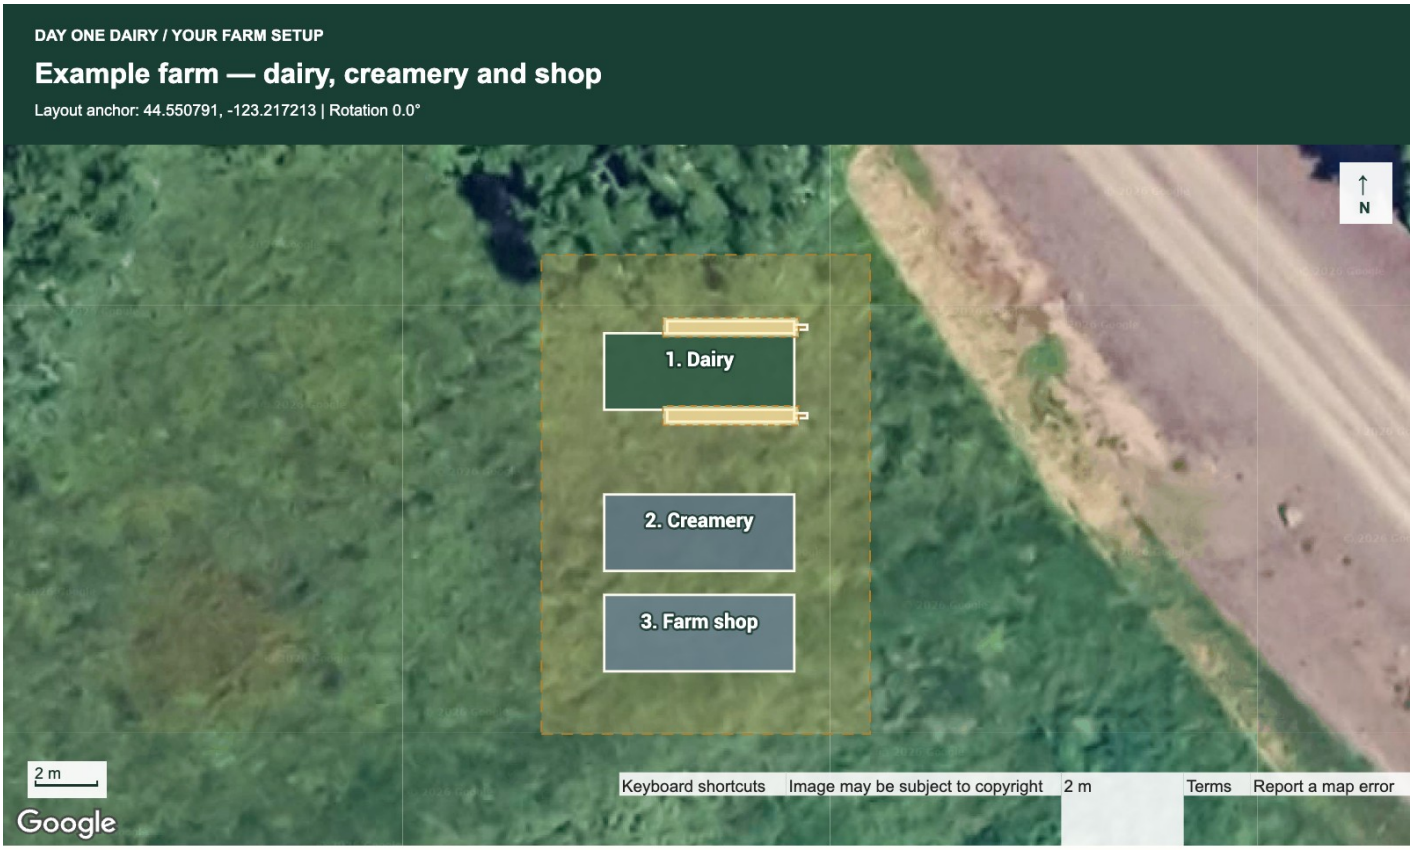

Standalone farm shop with the full container devoted to retail. Placed independently on this site plan.

Body: 19.9 ft / 6.06 m x 8.0 ft / 2.44 m | 0 cow positions

Centre GPS: 44.550752, -123.217216 | Rotation: 0.0 degrees clockwise from starting orientation

Pickup shelter footprints are included when selected; their two-metre service passage and outdoor suitability need site confirmation. Container body dimensions exclude optional projecting doors, canopies and site services. The assembly envelope includes the authored bridge covers and rainwater outlets. Numbering follows your configuration, not the order of standalone room placement.

Your setup close up

WHAT IS IN YOUR SETUP

1 **Dairy**
20 ft container · 2 milking bays

2 **Creamery**
20 ft container · Full creamery workspace

3 **Standalone farm shop · Serving window**
20 ft container · Full shop interior

Layout envelope: 21.2 × 37.0 ft | 6.47 × 11.28 m

Planning preview. Confirm measurements, access, utilities and installation clearances with Crystal Creek.
